

RESPIRA

High-performance ventilated backrests.

Passive ventilation through padding and cover, with active ventilation via optional lithium-ion fan.

Perforated gel memory foam or Stimulite® padding.

Silver thread covers eliminate fungi, bacteria and viruses.

The lightest, coolest and most ventilated alloy backrest available.

SPORT

Stimulite™ padding with Spacetex silver cover.

ACTIVE VENTILATION

Respira Active Fan dissipates heat and moisture for a healthy and cool micro climate.

COMFORT

Perforated gel memory foam with stretch 3D mesh cover.

**Designed to breathe.
Engineered to perform.**

Sport Model with Fixed Mounts shown.

**FIXED ADJUSTABLE
MOUNT (FA MOUNT)**
